

Diana Welsh

Recovery Partners

Diana has completed a Bachelor of Applied Science (Occupational Therapy) at the University of Western Sydney, where she gained the highest achievement in Ergonomics and Work Occupations.

Diana has experience as a Rehabilitation Consultant working directly with the Australian Defence Force, as a program case manager. She has gained experience performing FCE's, Ergonomics, ADL's, Workplace Assessments and Task Analysis. Diana also has over 6 years knowledge and experience in the hospitality industry with a current RSA and RCG certificate.

Diana has previously worked for Coles Myer Logistics where she gained knowledge and experience in payroll, invoice management, pick/pack within the warehouse environment and was an active participant on the OH&S committee, which advocated for over 400 staff. She has more recently completed 2 years working in Paediatrics with children aged 2-18 with a vast range of developmental delays and disabilities.

Diana has added to her knowledge by completing the following;

- Comcare accreditation
- WorkCover accredited Return to Work Coordinators course
- FCE accredited by Workhab
- Work Cover Accredited - Certificate in OHS Consultation
- First Aid Certificate

Outside of Recovery Partners, Diana enjoys spending quality time with family and friends, staying active and reading. She has a passion for further development and is completing a Diploma of Life Coaching in her spare time.
