

Simone Cox

Recovery Partners

Simone has joined the Recovery Partners team as an Accredited Exercise Physiologist and Senior Rehabilitation Consultant. Simone has worked in the Occupational Health and Rehabilitation industry for many years.

Simone has previously worked within many different capacities across most facets of the industry schemes and service provisions. This experience brings a unique and diverse skill set to the Recovery Partners team. In addition Simone has worked in a national scope providing services and support to businesses within different state based legislations, Comcare, Self Insurance Licensees and professional rehabilitation advice in a variety of industries in both metropolitan and regional Australia.

Simone's formal qualification includes a Bachelor of Applied Science (Exercise & Sports Science) obtained from the University of Sydney. Since working in the industry, Simone has added to her expertise by completing the following:

- Certificate IV in Assessment and Workplace Training
- ErgoScience PWPE Functional Capacity Evaluation
- WorkCover Accreditation for Worksite and Functional Assessments
- Comcare Accreditation
- Rehabilitation and managing self-insurance under the SRC Act
- NSW Motor Accidents Authority Service Provider Accreditation
- Injury Management for Supervisors and Managers
- WorkCover Accreditation as a RTW Coordinator
- WorkCover Accreditation for Treatment Services
- Office and Workplace Ergonomics
- New Employer Services providing job seeking assistance
- Diversity @ Work - Disability Awareness Trainer

Outside of Recovery Partners, Simone enjoys keeping fit through many outdoor adventure activities and sports, particularly running. In addition Simone loves spending time and having fun with her friends and family.
